Translation NOTES!

A Big Leap and a Small Error?!

We've finally reached tha previously untranslated chapters! New Puchimasu chaptars! The hype is raall

On this edition of Puchi Notes, we once again have strange titles wreaking havoc on the translation. As usual, I've translatad them in such a way that I balieve readers can aasily make sanse of given tha context, but here's some additional info for the curious ones among us o.O

On page 4, the titla is actually ていねんぴ (teinenpi) which could only raally be 低燃費 in kanji. However, the meaning is "low fuel consumption." While this could be referring to Yukipo's laziness, that seems to be much more appropriata for the next four panels. So upon saarching it, I cama across a series of commarcials where a little girl rapaatedly asks everyone "What is teinenpi?" to anyone and everyone, to the point where it's overly repetitiva, thus resulting in our title "One Track Mind."

Page 5 has a much more simple note. The titla はいごゆー (haigoyuu), with the "haigo" meaning "behind one's back" and the "yuu" likely just being the "Romaji"/Japanesa-English appropriation of "you." Since our main charactar this time around is Yukiho, whether it was intended or not, I just thought it would be fun to have it ba "Behind Yu."

So, enjoy the new chapter, and hopefully there'll be a little less time in between these releasas in the futura. As for now... くってねてあそべ!
